ments of life.

A moment's reflection will show that a vast majority of diseases from which we suffer and die, were, at their commencement, simple and trifling. A mere cold, a slight diarrhea, a pain in the side, or a headache, or hourseness, thrat easily cured and subdued, in time becomes a consumpfirst easily cured and subdued, in time becomes a consump-tion, a fever, a dangerous dysentery, Group or other disease, which all the powers of medicine fall to arrest.

Herein these remedies supply a great public want. Being on hand, simple, so you know at once what to take-pleasant, so as to cause no repugnance—safe, and hence occasioning no risk, while the curative effects are positive and certain, they are taken, and at once the application.

and certain, they are taken, and at once the spell is broken and the danger allayed.

Experience has amply confirmed the use of these remedies for families and private persons, as being the agent in USE, THE MOST HAVE AND CONVENIENT, THE MOST PROMPT AND RELIABLE. Thousands are and have been using them for some five cars past, in every section of the country, with almost warfable success. All speak in the highest terms of their mplicity and certainty, and among our hundreds of gents the uniform testimony is, that they give good alisfaction to their customers.

DEAR MADAN: — The reputation of the Medical Discovery, in curing all kinds of humors, is so well established by the unanimons voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH, Is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to caim and sweet slumbers; and the Medical Discovery becomes a fountain of blessing to your husband and household.

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, whick is from the Greek, signifying "for the head." is now becoming popularized in connection with Mr. Spalding's great headache remedy, but it will soon be used in a mors general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage, until they seem "native and to the manor born."

PECTORAL SYRUP.

ATTEND TO YOUR COLDS -A case of five years tanding cured by DR. KEYSER'S PECTORAL SYRUP Perreaumon, Jan. 11, 1860

If J' Headache is the favorite sign by which nature makes known any deviation whatever from the natural state of the train, and, viewed in this light, it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headaches exceedingly common, and is the productor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism, and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach, constituting sick headache, of hepatic disease constituting billous headache, of worms, constipation, and other disorders of the bowls, as well as renal and uterire affections. Diseases of the heart are very frequently attended with headaches; anaemia and plethora are also affections which frequently cornion headache. Idiopathic headache is also very component headache. Idiopathic headache is also very component headaches. In the state of apparently sound health, and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named Neuralgia.

For the treatment of either class of headache the Oephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and, by its subtle power, eradicating the diseases of which headache is the unerring index. violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case, I procured some of your Pectoral Compt Syrup. I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

Bridget.—Och i sure now and you've sed it. Here's the quarther, and give the Pills, and don't be all day about it nither.

No one of the "many ills that flesh is bair to" is so prevalent, so little understood, and so much neglected as Contiveness, often originating in carelessness, or seedentary habits. It is pregarded as a slight disorder, of to little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated, it will bring the sufferer to an untimely grave. Among the lighter avits of which Costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles, and others of-sike nature, while a long train of rightful diseases, such as Malignant Fevers, Abcesses, Dysentery, Diarrhora, Dyspeysia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochendriusis, Melancholy, and Insanity, first indicate their presence in the system by this laterial through the diseases named originate in Constipation, but taxe on an independent existence unless the cause is cradicated in an early stage. A WONDERFUL CURE.—Some time ago, an old neightor of mine was very ill, with a bad cough which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral Syrup, which I gave him, and it entirely cured him, to the aston ishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life.

"STOP THAT COUGHING "—'How can I do it?" "Go to Keyser's on Wood street and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day in cold catching periods of the year. And we can, from actual experiment, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral," in a most stubborn case, with entire success. Near two weeks ago we went to Pitisburgh with one of the most distressing, contrary, mulish, unsubduable coughs we ever experienced since our advent upon this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of tiring it out, but it was no go. In fact it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility by the operation. In this stage of the slege, we coughed our way to Keyser's, 140 Wood St.—procured a fifty cent bottle of the "Pectoral;" took it according to directions, and in forty-eight hours we were master of the field, the enemy having ucconditionally surrendered, after a brief but unequal conflict with so formidable an adversary as Keyser's famous "Oough Pectoral."—Drownsville Chipper, Dec. 14, 1859. all the suffering which you then experienced.
